Swimming Pool Rules and Regulations

The following rules and regulations have been devised by the Pool Committee and approved by MSRC Board of Directors to ensure the safety and comfort of all club members. Pool Management and Staff have been authorized to enforce these regulations and to make on-the-spot decisions with regards to the safe and sanitary operation of the pool. I. General Pool Rules

Should the pool be closed for the remainder of the day due to bad weather, a notice will be posted on the front gate.
- 2. Maintenance and Sanitation:** The pool may be closed without warning for maintenance and sanitation purposes at the discretion of the Pool Management.

Any abuses of the Guest Policy can lead to loss of club privileges or membership. Any requests for exceptions to these rules should be directed to the MSRC Board of Directors and **NO EXCEPTIONS WILL BE MADE** without prior Board approval.

B. Check In: All members, pass owners and guests are required to check in at the Front Window prior to entering the Pool Area. At times, picture ID's may be required to verify membership. This is a safety precaution and members are expected to fully cooperate with Club Employees. **Guests must sign the Guest Log and pay fees prior to admission. Please understand that should your guest have exceeded the 10-visit limit, the guest will be denied admission to the Pool.** Abuses of this policy could lead to the loss of club membership or pass.

III. Health and Safety Rules: All members, members' children and guests use the pool and its facilities at their own risk! Although MSRC provides lifeguards as a courtesy and to ensure safety of its members, guards are not to be used to supervise children and non-swimmers at the expense of parental supervision. Lifeguards are NOT responsible for children or activity outside of the pool enclosure.

A. Water Toys and Flotation:

1. All pool staff is authorized to restrict the use of equipment such as tubes, rafts, balls, diving toys, etc. They have the authority to restrict hazardous water activities and to evict anyone who does not comply with these restrictions. Artificial swimming aids are allowed in the shallow, roped in section of the pool unless lifeguards deem them unsafe. **No ball playing in the pool area.**

5. **NO CHEWING GUM** is allowed in the pool area.
6. **Smoking is PROHIBITED** on the pool deck or around the pool entrance.
7. Infants or toddlers not yet potty trained **MUST wear a swim diaper AND rubber pants.** While swim diapers are designed for the water, they are not sufficient to retain fecal matter that can cause the pool to close for up to 24 hours under DHEC guidelines. This rule applies to **BOTH POOLS**. Swim diapers AND rubber pants are available at Concessions for a nominal fee, as supplies last.

IV. Age and Behavior Guidelines

A. General Behavior Rules

4. No running starts for dives or jumps from the sides of the pool.
5. **NO** hanging or playing on the lane or lifelines.
6. There is a lap lane for those who want to swim laps. Children are not to be hanging out in or playing in the lap lane. Anyone may cross over/under the line to access the ladder, but must not interfere with lap swimmers. Be courteous!!
7. There will be **NO "STUNTS"** of any kind in the pool. This includes cheerleading stunts, "chicken" fights, tossing children, etc. Please be mindful of the dangers presented to both you and to others!
8. Starting blocks are for swim team only. A Swim Coach or a Lifeguard **MUST** be present and authorize use.
9. If you disobey the rules, **regardless** of your age, you will be warned. Second offenses will result in sitting out for 10 minutes. After 2 warnings, the pool staff has the authority to ask you to leave for the day. The Management and/or the Board of Directors will consider serious rule violations.

- B. **"Drop Off" Policy:** Children under age 10 may not be dropped off without

management approval of their supervision. Children between the ages of 10 and 12 may be dropped off without parental supervision according to the following rules:

1. In order for a child to be “drop off” eligible, that child must pass a swim test **with a parent/guardian present**. ONLY Management or the Head Lifeguard on duty will administer the swim test. The test will be administered when management determines they can be available based on the overall pool capacity and their duties, and it is recommended that parents schedule these tests ahead of time. Swim test requirements are available from the management.
2. A parent will be required to sign the child in upon **EACH** drop off. A phone number where the parent may be contacted must be provided AND pick up arrangements made clear to the Concessions Clerk.
3. Each parent who wishes to “drop off” will be **required to sign a one-time Release of Liability form** stating that they understand the rules and conditions of dropping their child off. This form will ask for Emergency Contacts, pertinent medical information and contact phone numbers.
4. The “Drop Off” privilege is just that, a privilege, and management may revoke it at any time.

C. Diving Board Rules

1. No floats, flotation devices or goggles of any kind are allowed when jumping off of either Board.
2. Only one person is allowed on the board at a time, on either board. The person on the board must wait until the previous diver has reached the ladder before diving from the board.
3. Only one bounce per dive is allowed on both boards.
4. **Parents are NOT allowed to be in the diving well to catch children under ANY CIRCUMSTANCES.** Our lifeguards will be happy to assist children in the pool.
5. **High Dive Rules:** Anyone is welcome to use the high dive, however there are specific rules that must be followed:
 - a. Children 9 and under may jump from the High Dive **with a parent standing on the same side of the pool as the High Dive OR** by passing the **High Dive Test**. If a child is attending the pool with an adult other than his/her parent(s), it is assumed that the child is under this adult’s care and supervision. This assumption allows the attending adult to represent the parent with regards to this policy.
 - b. ONE person is allowed on the high dive stairs at a time. The person on the stairs must wait for the previous diver to go off the board before ascending the ladder. They must wait until the diver reaches the ladder before jumping.
 - c. No diver can climb down from the high dive ladder. After ascending the ladder, the diver **MUST** go off the board.
